Baltimore Symphony Decorators' House Antique Car Show

The Sponsor's Choice Trophy was awarded to Evelyn & Pat Wenderoth for their 1928 Studebaker President. The Studebaker has the elegance and style that matches Arden House, which was also built in 1928. The selection was made by the Co-Chairs for the 33rd Decorator's House: Linda Kacur on the left and Barbara Kelly on the right, with Evelyn and Pat in the middle.

This is the third year that Chesapeake Region has been invited to participate in the annual charity Baltimore Symphony Decorators' House Show. The 2009 Decorators' House was open from April 26th to May 17th in Catonsville.

On Saturday, May 16th, we had fifteen members' cars on the lawn just a couple of steps from the main entrance – the perfect spot for maximum exposure for our cars. It seems that there were a lot of visitors the last weekend of the event. They started and ended the house tour right in front of our cars, and everyone had to walk past us to the gift shop and then the exit. Many visitors stopped to look at one, or more, of the cars and ask questions. There was as much interest

in the cars as we usually have at the Flowermart.

The Decorators' House Show is at a new location each year, and this year it was Arden House on old Rolling Road. The Tudor Revival house is on a bluff with a spectacular view overlooking the city and

Arden House – a 1928 Tudor Revival

the Key Bridge. It's situated on nine acres of park-like land with a carriage house.

Saturday's weather forecast was for clouds and possible thunderstorms, with highs near 80. Before noon it was very cool with light misting. But by 1 PM the sun broke through and it became very pleasant the rest of the day.

Club members at the show were: Dave Benson, Dave Cavey, Mary & Ed Allen, Joan & Neal Haynie, Sue & Larry Butcher, Julie & Ron Siegrist, Bill Hensyl, Betty & Ed Hainke, Ray Adler, Kristen, Maura & Martin Herman, Evelyn & Pat Wenderoth, Nancy & Bob Lynch, Dave Phillips, Daisy & Mark Straitz, Bob Lenio, Ted Schneider, & Frank Lindberg.
