

Passing of Dave Cammack, Tucker Collector Extraordinaire

By Buzz Diehl

In March 2011 several CRAACA members visited David Cammack at his Tucker Collection in Arlington, VA. He was a very gracious host and let us tour his private collection of 3 Tucker automobiles and thousands of items of Tucker memorabilia. He had made arrangements with the AACA Museum to receive his entire collection upon his death and preparations have been underway at the Museum to receive his extensive collection. I'm sorry to hear of his recent death, but thankful that his memory, and his Tucker collection will live on at the AACA Museum. Dave Cammack passed away on April 7, 2013.
