

**Fun at the Baltimore Streetcar Museum
by Lynn Horn**

The Baltimore Streetcar Museum again hosted the Chesapeake Region AACA on Sunday, April 7th. It was a lovely spring day, and everyone was ready for some sun and the chance to get their old car out of the garage. It was a very successful show with a large variety of cars, most of which you do not see every day--the 1930 Good Humor Ice Cream truck and the 1958 Edsel Roundup wagon come to mind.

The Model A Club came as a group and added ten cars to our total which reached forty-five. All but a dozen cars were owned by CRAACA members. Bill Wurzell won the Best of Show (Sponsor's Choice) Award for his 1954 Desoto Firedome.

So in short, it was a beautiful day, a great showing and as usual, the Streetcar Museum treated us royally! It was just about all we could wish for.
